NEW BUSINESS FROM BOARD/PUBLIC

Mr. Walter Beadling stated that he reviewed the interactions with the board of education over the past school year regarding physics tests, AP textbook, and change of meeting format. He stated that he learned that parents are limited to data access and that the board feels parents should be seen and not heard. Mr. Beadling expressed disappointment in the board and administration.

Mr. John Kumpf agreed with Mr. Beadling. He stated that he came to the meeting to discuss the interaction with the board and public. He thinks it’s absurd that questions will be answered at the end of the comment period. He stated that he and Mr. Beadling have interaction with the township committee. He stated that the public wants to vote for people who will engage the public in dialog.

Mr. Kevin Kerod expressed his concern about the common core. He stated that he supports Mr. Beadling about not using a biased textbook. Many parents he has spoken to don’t know anything about the textbook issue or the common core standards. Parents are stakeholders and should have access to data.

Ms. Phyllis Bursh stated that last week she requested that bringing back open house and UMS drop off be put on tonight’s agenda, but there is nothing on the agenda for either one of the two items. She asked how can community members get the board to respond to them, and what is the process for public to give input.

Ms. Patricia Leedy expressed frustration and concern regarding her son’s class. She requested an independent investigation of why the teacher was pulled from the class and why the children were excluded from a school-wide musical performance.

Ms. Maria Kurowski stated that she has shared her concerns with the school principal, director of pupil services and has a meeting with Ms. Gartenberg regarding an incident with her daughter and concerns with her daughter’s class. Her daughter showed up for a third grade music concert and was put on stage without knowing what to do. The ICS teacher stated that the emails were sent in error. Ms. Kurowski stated that the teaching staff had more than 45 minutes to let the parents know that her daughter shouldn’t have been there. The next morning Ms. Kurowski reached out to the case manager to discuss how the situation was handled. She asked why the staff failed to make it right instead of allowing her child to humiliate herself at the concert. Ms. Kurowski’s other concern is why the music teacher didn’t include the class from the beginning. She stated that the school district violated the classes right for equal opportunity.

Ms. Kurowski stated that another issue deals with the removal of her daughter's teacher due to an incident in the classroom. She is outraged at how the school district handled the situation. The students in that class lost weeks of meaningful education. This removal of the teacher also had an emotional effect on the children. She questioned what action has been taken on the issue of not allowing the class to participate in the music concert. She also stated that parents don't want to have annual review meetings without the classroom teacher. She also would like the district to perform an independent investigation of the release of the teacher.

Ms. Virginia McCosh asked if the board was aware of the correct protocol for toileting in her child's classroom. She is still questioning why her daughter's teacher was removed from the classroom. She feels that the children are not in a stable environment. She questioned who will teach the extended school year program and who will teach the class next year. She asked the board to question school administrators for the answer.

Dr. Yver also requested an investigation to the removal of the classroom teacher. He stated that his son is barely verbal and requires sign language. He wants to know why and how is the administration handling this situation.

Ms. Kirk-Csontos stated that on behalf of the board if the public feels they have not been heard we need to change that situation. When issues are heard there are a number of ways to handle the comments. If there is a complaint, the board is required to present the complaint to the Chief School Administrator. Ms. Gartenberg addresses the complaints with the proper parties and in various ways, which doesn't have to be in public.

The board addresses questions at the end of the comment period to run an efficient meeting. On the common core, Ms. Kirk-Csontos stated that we have heard Mr. Kerod. There are videos on our website, and we will hold information sessions in the fall to discuss the district implementation of the common core.

Ms. Kirk-Csontos acknowledged the complaint about the open house and stated that Ms. Gartenberg will address the complaint taking into consideration students, teachers, facilities and budget constraints.

Ms. Kirk-Csontos responded that the UMS drop off will be on the July Operations and Facilities Committee agenda for discussion.

Ms. Kirk-Csontos stated that we cannot discuss issues with an employee. The complaint is being addressed at the school level. If administration comes forth with a recommendation that fails, parents can come to the board of education. It is not a matter of the board caring, it is a matter of process.

A motion was made by Mr. Hladick and seconded by Ms. Donnay to reopen the public comment period.

Upon call of the roll, the motion failed with Ms. Donnay, Mr. Hladick and Ms. Michaelson voting yes and the remaining four voting no.
